

You are My "Belle du Jour"

"Beauty of the day / Beautiful by day"

Please... My precious flower; fear not.

For I planted you in My garden in a very special spot

I have enriched the soil under you...

So that you will grow quickly and sturdily into My fullness.

Don't ever fear My child...

That I your loving Father...

Will never fail to attend to you My special flower.

For you will continue to blossom as I pour My love out on you.
